Books on Alternative Therapies - Cancerguide Options: The Alternative Cancer Therapy Book by Richard Walters. 1993 Avery Publishing Group Inc., Garden City Park, NY. This focuses mainly on complete therapies. It includes extensive references to both the popular and alternative therapy literature, with some references to the scientific literature. In my opinion, this book sometimes puts too much credence in marginal therapies for which evidence is lacking, but it is still useful. Complementary and Alternative Methods and Cancer Complementary and alternative are terms used to describe many kinds of products, practices, and systems that are not part of mainstream medicine. Learn about how they are used for people with cancer here. Complementary and Alternative Medicine | American Cancer ... Evaluating New Cancer Treatments You may have just heard about a new or alternative form of cancer treatment. Before you put your time, your body, and your money on the line, learn more about what you are looking at so you can decide if it's worth it.

Alternative Cancer Treatments and Healing Cancer Naturally All alternative cancer treatments must understand this basic premise in order to be successful. The new research in cancer treatment is to find a way to target cancer stem cells which are the cells that drive the cancer growth. Chemotherapy up to date has only had success in killing the non-stem cell cancer cells. These are the cancer cells.
